CLOSING DATE FOR ENTIRES 20TH OF EVERY MONTH

THE PATTERN OF BEING

November is a time in which we are called to remember many things. *All Souls* is a feast in the Church, otherwise known as *The Commemoration of All the Faithful Departed*. It is a time to remember those who have died in wartime in the service of their country. It is also when we are invited to remember past events, such as the Gunpowder Plot (Remember, Remember...). What belies the mystery of what it means to remember? I believe it is a few things. 1) To remind ourselves that we are not our own history, that our life is rooted in an immense age. That we are therefore of a great age, not just isolated in our time from what has come before. 2) That history is a witness of our own failure, which points to us as a reminder, a warning. 3) That in forgetting we lose our sense of self, our place in time.

In my lifetime a great fog has enveloped us which blinds us from seeing our lives as connected to those who have gone before us. For example, the free-love movement of the 60's promised to change the world. The new age (Aquarius?) heralded a new time in which the past was dead and gone and we were it. Those who know history find this notion in Revolutionary France (1789). A mindset of historical dissociation—it is still with us. The truth is, that humanity has not departed from the essential pattern of its being (what it means to be human). Humanity is the same as it was yesterday, as it is today, as it will be until its natural end. To remember is an act of re-connection, to re-associate ourselves with the history of what it means to be a human being, frail, fragile and immensely fallible. The wars of the past speak to us of the pitfalls of wars today. The wisdom of the past has much to teach us. As the great Plato said: 'only the dead have seen the end of war'. We must look back to our teachers and listen and act. The pattern of our being requires constraint and correction, which needs to be underpinned with understanding and loving mercy.

RECIPE OF THE MONTH

“Heather’s Chicken Dish”

Ingredients *(Taken from the Parish Recipe Book)*

1 Cooked chicken
 1 Tin of Peach Slices
 ½ lb Mushrooms – sliced and 2 minutes in the Microwave
 1 Tin Sweetcorn
 1 Pint white sauce
 Plain Crisps
 Cheese

Method

Place chicken meat in pieces in shallow casserole dish.
 Add peaches sliced, sweetcorn and mushrooms and mix well.
 Add one pint of white sauce and mix in.
 Grate cheese on top and sprinkle with crushed crisps.

Knitting together again..... and Nattering Too

As I write this, we won't yet have had our first get together but the good news is that we **can** continue to meet in the Simpson Hall on second and fourth Wednesdays from 2-4pm. Bring your own craft project and come along – all welcome.

Please enter via the door at the top of the ramp and use the hand sanitiser provided. We will obviously have to sit at an appropriate distance and wear our face-coverings. We will be able to provide a cup of tea or coffee but it would help if you could bring your own mug. I'd appreciate a phone call or email to let me know if you are coming so that we know how many chairs to put out.

Joanna Helme [Tel:760816](tel:760816) email:joannahelme@gmail.com

The Rector and the PCC of St. Mary the Virgin would like to thank everyone who donated to the recent St. Mary the Virgin Gift Day. The total raised was over £2,200 and we are very grateful for all of the support received. Due to the ongoing generosity of our members and the community we are in good shape to face the post-COVID future!

Community Café

It was wonderful to be able to welcome people again to the Community Café in September, and even more wonderful to know (unless the rules change again!) that we can continue to hold the café. (see dates below) Those who came enjoyed the company and the delicious cakes and scones.

Please enter via the ramp and exit by the 'front' door. There will be hand sanitiser to use on entry and exit. We will have to distance people appropriately. (This won't apply if you are already in a 'bubble.') Please wear a face-covering – though you will obviously have to take them off to eat and drink! We will have waitress service so there will be fewer people moving around.

If you think you might like to take some goodies home with you, please bring a container.

We look forward to seeing you.

REMEMBRANCE SUNDAY

“St Mary the Virgin, Burghill”

8th November (to be in your seats by 10.45am)

Due to the ongoing pandemic (Covid-19) Remembrance Sunday at Burghill, like everything is going to be affected. Our usual pattern of worship both in church and outside when honoring those who gave their lives in the service of our country, goes hand in hand. However, this year we are having to divide the two events to prevent mixing. Therefore, if you intend to come to the Worship Service you need to book your seats. Please contact: Liz Donovan, 01432 760881 or richlizdonovan@btinternet.com to book your seats.

More Questions than Answers

Alan Turing, the famous computer wizard of Bletchley Park, proposed the following thought experiment as a test for intelligence:

Imagine yourself sat in a room all alone having a conversation with an unknown ‘subject x’. The subject is situated unseen by you in a nearby room (the room has thin walls). Assume now that the conversation proceeds in all other respects perfectly normally, perfectly naturally.

The question arises: Is subject x intelligent?

Answer, according to Turing: Yes.

But now it turns out that subject x is in fact a robot or computer. Possible conclusion: Computers are capable of intelligent behaviour. And this throws up a whole series of further questions: Can a computer have a mind, be conscious or self-aware, fall in love, experience pain -- experience anything at all? Could a computer even have a soul?

GARDENERS NEWS

“The delightful Apple Tree”

Before the war, there were over fifty types of apple readily available for the consumer to buy; today we have a tiny number of largely unexciting commercial varieties to choose from.

Unfortunately, the priorities for a commercial apple grower (dictated by supermarket buyers) are not necessarily those of the consumer. The consumer values flavour, but the commercial world instead needs heavy crops, large, regular shaped fruit, resistance to bruising, storage for many months and an attractive look.

The solution is to get a better apple by growing your own. This will certainly involve discovering the less commercial alternatives to the ubiquitous Cox's Orange, Bramley or Golden Delicious but will be well worthwhile.

First decide what you want your apple to do for you: no disease or spraying? Try 'Bardsey' or 'Red Windsor'. Dual purpose cooker and eater? Try the tasty 'Cobra'. A truly traditional eating apple? Try 'Chivers Delight' or 'Pitmaston Pineapple'. Local? The cooker 'Tillington Court'.

Apples make superb garden trees because an apple tree's height and vigour is controlled by the rootstock it is propagated onto. This means that a small garden can accommodate a 6 ft (1.8m) tree on an M 27 very dwarf rootstock, whilst those with more space can grow the same apple in a larger tree size on a more vigorous rootstock like M.9 (about 12 feet) or MM. 109 (about 20 feet).

The biggest range of apple trees is available this month. For great advice, I always talk to the apple tree experts at Frank P. Matthews 'Tree Shop' retail outlet at Tenbury Wells and check their catalogue information. (See (www.frankpmatthews.com then 'Tree Shop').

Here's a pre-wassail toast to **REAL** apples!

Celebrating Audrey

Trying to get Audrey (MBE) to accept any praise is a difficult task as I have discovered. Despite the constant call not to 'make a fuss', I felt it only right that we make a little noise to celebrate Audrey's life of enriching the lives of others. Her children's work is legendary and her other involvements numerous. Nevertheless, it wouldn't be right to simply watch this most humble saint slip off into the distance. Her work

has been a life lived in the service of others. I first came to know Audrey shortly after arriving at Burghill. A quiet and magnetic personality she quickly demonstrated her skills running Messy Church. Always full of smiles and laughter, I can honestly say she is one of the most extraordinary people I have met and her warmth and tender nature immensely captivating. She has always been a voice of wisdom and an inspiration as a truly humble servant of all, especially the children, of whom she has had an enormous impact on the lives of so many for so long. Here are a few tributes which testify to this marvellous human being – our Audrey.

Rev'd Phill Brown

"It's all about the Children and Audrey and God. They do say, "all good things must come to an end". I really couldn't believe that Audrey was giving up the leadership of her beloved Messy Church. Audrey and I go back a long way in village affairs! My first thoughts about her, is of a long-time, loving friend, always around, spending happy and sometimes sad times with her over the long years. I know words will be written by other friends about her more recent years, but back in the day, a mere 50 years, I'm reminded of the young people who have benefited from Audrey's love in our village and church.

There always seemed to be something happening for them and she was often in the lead. The Church Summer Holiday Club ran for a whole week back then and although Audrey would have just broken up from school and probably needed a rest, still felt the children needed something to do. The Mayday celebrations in the churchyard were a wonderful annual event. I so remember Audrey teaching us to dance the maypole. Such fun times, parading through our village following the May Queen and her entourage sitting on their thrones on Blake the builder's lorry! Audrey organised the annual Sunday Club Picnic, over in Wales, by the river, a very exciting event for both the children and adults. Of course, so many of these happenings needed lots of others to help and Audrey being Audrey was never short of helpers. It was always a pleasure. Apart from all her church work there are many more good things she has been involved in, but that's another much longer story. And, behind every good woman there is a good man. Happy Retirement Audrey and David."

Pat Downes

"Audrey will always remain one of those figures in my life that exists only in good memories. One thing lacking in a crazy world, is the beautiful art of consistency. Ever since I was a 4 yr old, she has been consistent in love, consistent in patience and consistent in dedication. The way that Audrey being so petite and huggable could silence a Sunday Club group, with a finger to the lips, will forever astound me! It also reminds me of the beautiful authority that is God's love."

George Downes 30yrs. Past Sunday Club member

"I've only had the benefit of Audrey's experience and talent for teaching children about God's love for the last 30 years - but in that time she's organised Sunday Club trips; Family Service Presentations; Christmas Service productions; Good Friday Workshops; as well as endless weekly Sunday Club and then monthly Messy Church planning. My children and I have had the most fantastic example of Christian service we could wish for and I will always be grateful for all she's given us and the children of Burghill and Tillington". *Anna Nugent*

"Audrey, you were a very important part of my childhood. And then, over 30 years on, you've been a part of my daughter's too. Thank you" x

Kate (Hilder) Reaney (41) and Iris (8).

"30+ years ago I learned, that if you want to be heard over a room full of children, just lower your voice! I learned that there would be people who come into your life that will shape you. I learned that being committed and dedicated brings joy to others and that smiling through challenging and difficult situations makes the lives of others easier. Audrey has taught me these things and I thank her for it."

Ginn Downes

"Almost 25 years ago, we arrived in Burghill. On attending our first service in church the following Sunday, discovered this amazing, quietly spoken, constantly smiling, gentle lady leading a bunch of youngsters in a presentation based on the day's Gospel reading - the eyes of the children constantly sought her face throughout. Her wide smiles and encouragement gave them the courage to complete their task with enthusiasm. From that day on, we realised that Audrey really embodied the heart and the love of Christ, embedded in this church and indeed the whole parish. Never seeking praise, title, honour or thanks, Audrey quite simply serves, with love, all who share her life. Whether baking and serving food at a myriad of fund-raising events; hosting every child orientated opportunity to bring Jesus into their lives in an easily understood way; singing in the choir; running the Retirement Club; serving on the PCC, or just bringing great joy, laughter and love by her very presence. There never has been, or ever will be again, anyone quite like this very special lady. In due time my stint as Vicar of this parish was greatly enhanced and made so much easier by having her support and encouragement. The first Messy Church in Herefordshire would never have been born in Burghill without her by my side; its growth and ongoing love for, and by so many children, is hugely as a result of her own deep faith and dedication, not only to the children, but also through her commitment to selflessly show Christ's love to all whom she meets. An exceptional and deeply loved lady." *Rev'd Penny Littlewood*

SPONSOR AN OLD HEREFORDIAN IN HIS 90TH YEAR.

**PLEASE HELP OLD HEREFORDIAN ALAN
BLAKE AS HE FOLLOWS THE EXAMPLE SET
BY CAPTAIN SIR TOM MOORE**

Alan aims to navigate a walk that starts at his family home in Hampton Park Road, Hereford and meanders via the local churches – but all without leaving his own garden. Alan will be raising money for Parkinson's, Rotary and the Parish Church of Burghill.

Alan will be walking around the bank of his steep riverside garden to complete the same amount of steps as it would take to walk from Hereford to Lyde, to Moreton on Lugg, Burghill, Tillington, Stretton Sugwas and back to his family home in Hampton Park.

To complete this 15-mile challenge Alan will need to navigate the circular hike around his 120 garden steps 458 times. He is aiming to try for 3 laps a day.

Alan has been a member of the City of Hereford Rotary Club for more than 50 years and has also been supporting and caring for his wife who has had Parkinson's for over two decades.

Every six seconds somebody in the UK contacts Samaritans for help. Whether it's by phone, email or letter, Samaritan volunteers are available to support anyone struggling to cope, 24 hours a day, 365 days a year. Most people go through difficult times and contacting someone who won't judge about what's troubling you, no matter how large or small the issue feels, can really help. Suicide is not inevitable, it is preventable. and we know that suicidal thoughts are often temporary and can be interrupted, so finding our contact details could make all the difference. Samaritans Herefordshire Branch want to raise awareness of the 24/7 emotional support available, to as many people as possible in our local area during this especially difficult time.

In May 2020 Samaritans also launched a free Self-Help app to encourage people to be kind to themselves and look after their emotional wellbeing. The app aims to provide a means of accessing support for people who may struggle to use Samaritans' listening service or find it difficult to express how they are feeling when talking to someone.

Visit selfhelp.samaritans.org to try out or download the new web-based app and find out more.
