## PUBLIC SPEAKING

Strange isn't it. We communicate with each other via a shared public language and yet we do our private thinking using the same public means. Not that conceptual thought is the only kind of thinking at our disposal. No doubt most of our thinking is purely intuitive and responsive, involving no use of language whatsoever. Through our various means of perception, those of touch and sight in particular, we negotiate our way around. Our reaction to the external world is a kind of bodily thinking, a pre-linguistic interaction with the environment such as animals presumably experience. But given that we *do* have verbal language, to the extent that we think inside our heads and not just through our muscles, we are bound to think in words. Conceptual thinking in the sense of talking to one's self rather than aloud -- for this kind of private thinking we have no choice but to hear our selves speaking a public language. And it seems that we do have to hear ourselves. Even in dreams, pictorial though they might be, there is no getting away from the sound of public speaking – those uninvited voices, sometimes delightful, sometimes dastardly.

It is of course just as well that we are able to keep our thoughts private, especially those irrational thoughts, those very ideas which the availability of public language makes possible. Without this ability to keep quiet, social relations would be even more problematic than they already are. Not that many of us are particularly good at keeping quiet -- as these very words amply illustrate! We spread words far and wide, but the more we do so the greater the babble seems to become. But if there is no escaping the negative aspects of public language, this is surely the price we pay for the creativity and freedoms which it provides. The philosopher, Wittgenstein, denies the possibility of a private language: any language if it is to count as a language is necessarily public. However this might be, it's clear that in the absence of free thinking there is no real possibility of creativity, and without the ability to think in a public language there is no freedom of speech. For the arts and sciences, for all of human culture – in the beginning was the public word. The question is: who is going to have the last word, and will it be one that we want to hear?

# News from your Parish Council

## Local Authority Elections - 4<sup>th</sup> May 2023

There will be local authority elections on 4<sup>th</sup> May across the country, these will include Burghill Parish Council.

### What is a Burghill Parish Council?

Burghill Parish Council is a local authority that makes decisions on behalf of the people in the parish. It is the level of local government closest to the community. The Council is made up of 15 Councillors who are supported by our Proper Officer (Parish Clerk).

### Why become a Parish Councillor?

By becoming a Parish Councillor, you become someone your community will look to for help, guidance, and support - a community leader with the power to influence decisions for the benefit of the people you serve.

### What is expected of a Parish Councillor?

Representing the views of residents within your parish.

- As part of the council, you will have responsibility for running and influencing local services.
- Deciding on how much to raise through tax to deliver your council's services.
- Influencing and shaping the long-term development policy for the parish
- Improving the quality of life and the environment in your local area.
- Working to identify issues which are important to the lives of the residents you represent.
- Working to bring about improvements through local projects.
- Lobbying other service providers and working in partnership with other parishes and agencies.

### How much time does it take up?

The Parish Councils meets six times a year, members of the public are also invited to attend these meetings. In addition to the regular meetings councillors will have the opportunity to join one of our Working Groups and take part in a wide range of community activities.

### How long does a Parish Councillor serve for?

Once elected, parish councillors sit on the council for four years. If they then want to stay in the post, they can stand for re-election. This does not mean that you must stay for four years. If you find it's not for you, or you can no longer meet the commitment, you can resign from the position.

## Are you interested in becoming a Parish Councillor?

The best way to find out what it's like to be a parish councillor is to talk to someone who's doing it now. Come along to Parish Council meeting in March, speak to one of the councillors and find out what they think of the role. If you wish to become a candidate to stand in the May elections, please visit:

## Time to get walking again!

With Spring on its way we start to think about getting out to walk in the beautiful English countryside again, but where to find new and interesting walks?

Walking in Herefordshire <https://www.walkinginengland.co.uk/hereford> has loads of walks to download and print, free, it also has books of walks, details of all the walking groups in the county and much more. Whether you want to walk on your own or with a group all the information is there in one place.

John Harris (who maintains the website) said "*There is so much walking information on the web but it is difficult to find. Walking in Herefordshire (part of the Walking in England website) has brought it together in one place so whether you are walking from home, or away on holiday, you will be able to find a walk suitable for you*".

With walks from half a mile to twelve miles plus long, and a note of suitability for pushchairs and wheelchairs, everyone can find a walk to enjoy.

So home or away, check out the websites and get walking!

Above all, thank you to everyone who bought quiz sheets. We sold a record 180, had record returns (lots of marking!) and a record number with full marks.

## The Crocodile 8 is back!

After an enforced three-year gap, the now *world famous Crocodile 8* is back in Burghill and Tillington on **Sunday 28<sup>th</sup> May 2023**.

This year looks like being bigger and better than ever and we would like to invite everyone from our community to join the in the fun.

The **Crocodile 8** was established in 1997 to help raise money to build a new school hall at Burghill Community Academy and has gone from strength to strength ever since.

Starting and finishing at the school, the Croc is a tough run of 8.8 miles taking in the Orchards, Badnage Woods and the fields and lanes of our parish. Kids races are held at the school – and this year the after-event party will take place at the school too.

The Croc is renowned for being a little quirky. Musicians are scattered across the route and the odd Crocodile can often been seen in the crowds!

This year Wye Valley Runners will be organising the main race in partnership with the parents, staff and governors from the school. They hope to attract a crowd of well over 300 runners on the day. Parents and friends will organise the children's races, refreshments and after event party.

If anyone can offer to play music of any style on the route, help volunteer as a race marshal or help with event planning, we would love to hear from you.

Please contact the school at ... or email Paddy at the running club at [wyevalleyracing@gmail.com](mailto:wyevalleyracing@gmail.com)

## OUR ADVERTISERS FAMILIAR AND MANY NEW ONES

Regular readers of our magazine will know that we include a large number of adverts received from local providers of a huge variety of everyday services we all need from time to time.

We remain hugely thankful to them all for using this magazine, quite simply because with the modest costs for inclusion, alongside the hard work of all volunteers who help produce and distribute the magazine, it actually ensures all parishioners have a free copy every single month.

We therefore urge you all to consider these providers of service before you go elsewhere. Most of them have been with us for a great many years and this month they are joined by quite a few new ones who have joined us. Use them if you can and we then all support one another.

Editorial Team

**We have run regular sessions for this initiative throughout January and February but have decided to close it down now in the hope of milder weather throughout March.**

**We will, of course, re-consider in the event of a prolonged cold spell.**

**We would like to give a very big thank you to the many volunteers who have readily given of their time to support this initiative, we couldn't have done it without you!**

## **Wall to Wall Flowers in Three Months!**

'Summer annual' flowers are the original 'instant flower garden'. Sown as seed in the spring, they throw all their energy into growing and blooming for the summer months during their short lifespan, greatly enlarging the range and interest of the more limited range of summer bedding plants available to buy in strips at the garden centre.

There are a host of annual flowers to choose from: tall types such as the flamboyant daisy flowers of the annual Chrysanthemums (*Chrysanthemum carinatum*), the scented annual Lupins or the packed blue and white spikes of Larkspur all make great cut flowers. Lower growing types, such as the incredibly easy-to-grow pink and white Candytuft or Poppies front the border display well.

Many varieties of annual flowers can be sown directly into the garden where you want them to flower without worrying about indoor seed trays or propagators. As a tip: the easiest types to grow will always be found in those annual seed mixes recommended for children.

Choose an open, sunny bed and prepare your area well by digging it and removing larger stones. Next, firm the soil down by gently walking over it. Then rake the surface into a fine, crumbly consistency. This will prevent seeds disappearing down into deep cracks in the ground or underneath clods of earth, never to be seen again.

Water the area the day before you want to sow your seeds so that the surface is slightly dry but the soil is damp underneath when you want to sow.

Carefully sprinkle the seeds of the taller growing types at the back of the border, and the lower growing types towards the front. A further gentle rake will draw soil over the seeds to cover them from sight and predators.

Keep the bed watered, remove any unwanted young weeds and protect any susceptible seedlings from slugs. In what seems like no time at all, a profusion of greenery and flowers will burst forth like magic!

Happy Gardening!

Sue Watts-Cutler (for Burghill and Tillington Gardening Club)

## Knit One, Natter Too

You don't have to be a knitter - bring your own craft project and come along. You can be sure of a warm welcome, whatever your interest or level of expertise.

You can even come just to natter! (and some do....) It could be an opportunity to learn to knit or crochet – or get to know others in the village.

We usually meet on the 2<sup>nd</sup> and 4<sup>th</sup> Wednesday of each month in the Simpson Hall, from 2-4pm, with refreshments provided, paying £2 per session. We'd be very happy to have more people join us so why not give us a go?

NB: we are now meeting UPSTAIRS in the Simpson Hall

**Dates for March : the 8<sup>th</sup> and 22nd**

If you need help with transport, do let me know.

You can also browse books in the Community Library or look up information on the Talk Hub.

If you think you might like to take some goodies home with you, please bring a container.

We look forward to seeing you.
